## Beginner and Refresher Seminar

Sunday August 28th, 2022

At this relaxed, hands-on, interactive, practical seminar Beginning Dowsers' will learn the basics of 'what, why, how and when' from Maggie Lowe who is an experienced tutor. If you are a dowser already but feel a bit "wobbly," not confident in your ability, or your pendulum "doesn't seem to be reliable," these issues will be addressed.

Dowsing is a valuable life tool which will assist you to find answers to:

- Health and other issues for family, pets and livestock. How to plan good strategies for better health outcomes, both mainstream and complementary.
- Which foods harm or heal and how to choose those most suitable for you.
- Whether your home affects your health.
- Work and business and community questions.
- Determining the truth of situations and how to cut through the 'spin' in daily life.
- Finding lost objects, people, pets and underground water.
- Life's path questions
- Be more in tune with nature and save money in your gardening.
- How to use natural energies to enhance your life in ways you never dreamed of!

Learn how to ask the right questions to produce accurate answers, participate in activities to build your dowsing confidence, learn to make and use dowsing charts and experience other tools such as divining rods and bobbars.

You will be shown other aspects of dowsing and the use of natural, subtle energies... for your own investigation later. But the main aim is to learn the basics so you leave the Seminar as a confident dowser with a smile on your face, your world changed forever.
